He Resents 'Arrogant' Tactics

Indicates Lobby Attempt on Senator Charged His Mind

THOMASVILLE, Ga. (AP)—President Eisenhower today vetoed the controversial natural gas bill because he objected strenuously to "arrogant" tactics by segments of the oil and gas industry to push the bill through Congress.

The bill would have freed gas producers from direct federal regulation. The White House approved the general principals of the legislation but Mr. Eisenhower said the background of the passage of the bill made it impossible for him to accept it.

He obviously referred to the current Senate investigation of lobbying activities brought to light after Sen. Francis Case (R-SD) disclosed just before the Senate voted on the bill that \$2500 had been offered to his campaign fund.

The money was traced to a California oil company executive.

In a veto message to the House, where the measure originated, the President said "a body of evidence has accumulated indicating that private persons, apparently representing only a very small segment of a great and vital industry, have been seeking to further their own interests by highly questionable activities."

"These include efforts," Mr. Eisenhower continued, "that I deem to be so arrogant and so much in defiance of acceptable standards of propriety as to risk creating doubt among the American people concerning the integrity of governmental processes."

Mr. Eisenhower pointed out that investigation of gas bill lobbyists by Congress and the Department of Justice could not be completed within the 10-day period allowed him to consider legislation.

He said that to approve the bill before completion of these investigations "could well create long term apprehension in the minds of the American people" and do "a disservice both to the people and to their Congress."

Ike's Brother Thinks He'll Run

EL CENTRO, Calif. (AP)—President Eisenhower's older brother said Thursday night he believes the nation's chief executive will seek another term.

Edgar Eisenhower, a Tacoma (Wash.) attorney, said he believed Mr. Eisenhower would run again because "as long as we're quarreling with Russia" the President would not want to leave his job unfinished.

"Knowing we Eisenhowers and knowing something of the way his mind works, I believe he hasn't finished his job, and until he does finish that job he'll stay on as long as he can," Edgar Eisenhower said.

The President's brother is vacationing on the Imperial Valley ranch near Indio of aviatrix Jacqueline Cochran Odom, Republican candidate for Congress.

Harry Oliver the old Mirage Salesman tells this

LIFE IS SIMPLE HERE... A woe-begone Desert Rat presented himself to a newly located psychoanalyst in the fast growing desert town of Indio. It was mid-summer, 129 in the shade. The bright new shingle had caught the Desert Rat's eye—(why not?)—maybe?

After careful examination the psycho decided the Desert Rat needed amusement. Should learn to laugh at the wind and the heat. Then, he said "quick-like," here take this along and read it. This will make you laugh. Or better still, go out the highway 10 miles to Thousand Palms and meet the old screwball.

Psychoanalyst's bill was \$2.00. I did not try to stock him up with more of my books—this first trip—but I will get that \$2.00 back next time. Yes, I am getting better.

CENSUS TAKING INSTRUCTIONS are pointed out to one of the enumerators by Mary E. Ivins, standing, special census supervisor from Washington, D.C. The nine census-takers spent yesterday receiving instructions, and when the full staff of 16 is reached, will start ringing Palm Springs doorbells. Twelve takers have signed so far, including those pictured. They are Bertia Engebretson, Jean Cohen, Mrs. Fred Fidler, Anthony J. Franchini, Beatrice Utterback, Edna Hartmann, William T. McPherson, Ray K. Jones, Graham Murray Lubin, Essie V. Webster and Eva Lena Boyer, all of Palm Springs, and Lois Klemmer, of Riverside. (Desert Sun Photo).

Hoodlums Beat Patrolman in Arrest Attempt

HUNTINGTON PARK (AP)—A California Highway Patrolman was beaten Thursday night by a gang of hoodlums when he stopped a motorcycle speeder.

Patrolman Verne McGinnis, 35, said about 12 young toughs jumped him when he stopped the motorcyclist and a drag racer to issue citations.

Two unidentified passersby also were beaten when they came to McGinnis' aid.

The patrolman managed to get to his car and call for help. The cyclist, the driver, Klein, 28, Los Angeles, was booked for attempting to evade arrest, racing and reckless driving.

Another of the attackers, Carmen Pisano, 27, Los Angeles, was jailed on suspicion of battery. The others escaped before help arrived.

Victory Dance After Game Tonight Planned

Palm Springs Youth Center will sponsor a "Victory Dance" for High School students tonight following the Hemet-Indian basketball game here.

Youth Center officers voted last night to hold the dance, as an event was not scheduled by the school.

If the Indians win this game, it will give them undisputed title in the Riverside County League race.

Providing music for dancing will be Howard Mitchell's Off-Beat Ten. Surprise entertainment is also planned, according to Carl Plate, Youth Center director. Dancing will be from 10 to midnight.

Other action taken by Youth Center officers last night included the setting of meeting dates on the first and third Thursdays of each month, arranging for entertainment nights every Saturday, and preliminary approval of a new constitution.

PRESIDENT RESUMES GOLF BUT HOLDS BACK ON POWER SWINGS

THOMASVILLE, Ga. (AP)—President Eisenhower resumed his beloved golf game today for the first time since his heart attack last September.

As the chief executive banded out a 200-yard drive from the first tee of the Glen Arden Country Club course, he said with feeling, "I've been looking forward to this."

IT WAS RAINY, misty weather. Fog hovered at tree-top level as the President began playing at 10:30 a.m. on the third day of a week to 10-day rest in South Georgia.

Since his illness, the President has been limited pretty much to practicing pitch and putt shots with short iron clubs. Today was the first time he has driven with wood clubs since he left the hospital in Denver.

Gov. Knight Back at Home

SACRAMENTO (AP)—Gov. Goodwin J. Knight was back in the Executive Mansion today recuperating from an attack of influenza contracted in New York. His office said Knight was expected back at his desk Monday.

THE PRESIDENT as he played the first hole was not putting his full power into his shots. His doctor, Maj. Gen. Howard McC. Snyder, who followed Mr. Eisenhower's foursome, said the chief executive should not attempt to turn on full power today, nor should he attempt more than nine holes.

The President traveled in an electric golf cart. Snyder, with a medical bag, followed in another cart closely behind.

The President's physicians have said it probably will be sometime in the spring before he is up to a regulation round.

The President's physical stamina apparently has come a long way from the worried days of his hospitalization. He spent six hours in the field Thursday hunting quail and bagged his full limit—12 birds.

Cab Driver Here Saves Boy from Speeding Auto

A small boy, who with a companion was crossing Highway 111 Monday morning after assuming that a stopped taxi cab was a signal of safety, was saved from being run over by the quick action of the cab driver.

Dusty Cloward, who drives cab 462 for Tanner Motor Livery, was leaving the Palm House parking lot at about 11:30 a.m. Monday. He saw two boys, about 4 and 5 years old, crossing the highway.

Cloward said he stopped his cab to get out and walk with them. The youngsters apparently thought the cab was waiting for them to cross, and they started. A speeding car came around the curve.

The cab driver jumped toward the older boy, who was out in the roadway, and gathered him in his arms. They rolled out of the way as the car braked to a stop beyond the boys' path.

South Warned of New Tornadoes; North Icy; West Faces Cold Wave

By UNITED PRESS
The Weather Bureau warned of possible new tornadoes in the South today. A vast snow and sleet storm iced the North and the West faced a cold wave.

The new twister warnings were issued after a tornado ripped Aberdeen, Miss., and wild winds, rain, and hail hit three other Southern states.

A massive zero-zero fog added to the South's weather troubles. It stretched from Oklahoma City, and Kansas City, Mo., to the southeast Atlantic Coast, leaving only Florida clear.

A zero-zero fog is one in which clouds touch the ground and visibility is zero throughout much of the area.

Union Dashes Hopes for WAL Strike Peace

LOS ANGELES (AP)—The striking Brotherhood of Railway Clerks last night rejected a new wage offer made by Western Air Lines in an effort to settle a six-week walk-out. The line normally serves Palm Springs.

Richard Spatz, chairman of the brotherhood's negotiating committee, said the 850 striking clerks unanimously turned down a \$25 to \$35 monthly wage boost. The clerks sought a \$50 monthly hike and a union shop.

The rejection came less than six hours after the company issued a progress report on negotiating new contracts for the Air Line Pilots Association, mechanics and the clerks.

The company said in its report that wage proposals to both the clerks and mechanics were higher than rate of pay in the other air lines.

Police Reserve to be Honored

Palm Springs Police Reserve of 24 members will be guests of honor at an annual banquet at the Ranch Club tonight, according to Sgt. Bill Lux, coordinator between the police department and the reserves.

Lux said the reserve will be hosted by members of the city council, City Manager Robert W. Peterson, Chief August E. Kettmann and himself.

Entertainment will follow the dinner which starts at 7 p.m. George Streue has donated the services of both his groups, the Guadalajara Boys and Manuel Espino's group, and Babe Matthews, of the Hummer-Magic Slop, will present an additional act.

South Warned of New Tornadoes; North Icy; West Faces Cold Wave

freakish combination of snow, sleet and freezing rain extended from west of the Mississippi River to the Ohio River Valley. It was expected to push across the Appalachians into the Eastern Seaboard today.

A tornado, roof-ripping winds, and drumming hail hit the states of Mississippi, Texas, Oklahoma, and Arkansas last night. In the West, local blizzard conditions were predicted for New Mexico, cold wave warnings were posted for a wide area, and freezing weather moved into Southern California.

WEATHER'S worst outbreak hit Aberdeen, Miss., where a tornado killed one person, injured 50 others and cut a mile-long path of destruction.

16 Begin Two-Week Census Here

Village Residents To Be Asked 6 Questions in Count

Each resident of Palm Springs will be asked six questions by a census taker within the next two weeks.

Under the direction of Mary Ivins, a special census supervisor from Washington, D.C., 16 persons started this morning to make the rounds of the Village.

Hotel managers will be asked to give the number of guests in hotels and apartments. That figure will be used to estimate resort needs, not as a resident total.

Workers who stay here for the season, and have no permanent home, will be considered residents of Palm Springs.

Each person questioned individually will be asked his name, relationship to the head of the household, sex, color, race and age.

The information is for use of the census department only, and by law cannot be used for tax, insurance rate setting, or any other purposes.

Miss Ivins will stay at the census headquarters in the city of offices during the time enumerators are making their rounds. She will go East for another city's census count as soon as the Palm Springs total is obtained.

2 More Drive-Up Mail Boxes in

Two drive-up-and-drop letter boxes have been placed near the Post Office and are in use.

The red and blue boxes have a snail-shaped opening which allow motorists to deposit letters without getting out.

They are on each side of Palm Canyon Drive in front of the Post Office. The eastern box is on the southern corner of Tamarisk Road and Palm Canyon Drive, and the western one is near the entrance of the Post Office.

According to Postmaster Merritt Williams, mail dropped in the boxes will be handled with the same speed as that taken into the lobby.

The latest addition gives Villagers three such courtesy boxes. The other is on Indian Avenue near the Plaza.

60 Shy Workers Win Powder Room Dispute

CARFIN, Scotland (AP)—Sixty shy girl employees of a local knitwear factory were back at work today, sustained in their refusal to obey an order requiring them to ask the manager's permission to go to the toilet.

The strikers argued that the question was too delicate to be discussed with a man.

The management agreed to allow the girls five opportunities during the day to visit the powder room with no questions asked—four 10-minute breaks and a 30-minute lunch period.

Chief Kettmann Commends 3 Aides in Cohen Arrest

Police Chief August G. Kettmann yesterday officially commended Sgt. Dale Thompson and Bob White, and Officer Nick Maff for their handling of the Mickey Cohen case.

Cohen, arrested on a charge of failure to register as an ex-convict and registering at a hotel under an assumed name, later entered a plea of guilty and was fined \$75.

'Even the Best Are Sort of Funny Looking'

WASHINGTON (AP)—Sen. Norris Cotton (R-NH) disclosed today that he has received a fan letter from a high school girl who wants to collect pictures of senators instead of movie stars.

"All my friends are saving pictures of movie stars and I want to be different, so please send me photos of 12 senators," she wrote. "Please pick carefully, even the best are sort of funny looking."

Fraternity Youth Feared Drowned During Hazing

CAMBRIDGE, Mass. (AP)—Volunteer drivers, dynamiters and scores of students converged today on an ice-blocked reservoir where a missing fraternity "pledge" is believed drowned.

'Darkness and bitter cold winds halted dragging operations last night for the body of Thomas L. Clark, 18, son of a Harvey, Ill., business executive. The student vanished during a fraternity initiation stunt.

Earlier yesterday a shoe and a white scarf found imbedded in the snow-encrusted Cambridge Reservoir were identified by the missing youth's father, Alfred R. Clark.

The elder Clark, who had waited tensely all day for news of his son, collapsed into a chair.

Police said they were certain the missing Massachusetts Institute of Technology freshman fell through the ice when he attempted to cross the reservoir at night. He had been dumped blindfolded out of an automobile by upperclassmen and told to "use your own resources" to find his way back 12 miles to the fraternity house.

SACRAMENTO (AP)—An assembly subcommittee has approved a \$74 million budget for the Department of Mental Hygiene which includes the addition of 1061 new positions. It was a 10.5 per cent increase to the department.

The new budget, if it wins approval of the entire Legislature in the March budget session, would boost the per capita cost of treatment in state mental hospitals from the present \$4 a day to \$4.43 a day.

Arrest of Youth, 16, Completes Wire Theft Case

A 16-year-old Fontana High School 10th-grader was returned to Palm Springs yesterday by police, and admitted he was the third of a ring of juveniles who stole 750 pounds of copper wire from the California Electric Power Company's south substation January 10.

The other two youths are in custody, one on a burglary charge for another crime in San Bernardino, the other on a grand theft charge regarding the wire theft.

The arrest by San Bernardino Sheriff's deputies, apparently closed the door on the case. It was broken about two weeks ago when photographs by Dick Addison of the Palm Springs crime lab showed one of the suspects to be wearing shoes that left prints by one of the thieves.

According to investigating officer Morrie Aitken, the youth in San Bernardino County Jail will be charged with a criminal complaint regarding the January 10 theft after he is through serving his present sentence.

The 16-year-old will be transferred to Juvenile Hall in Riverside, while the other two, one 20 and one 18, will be prosecuted as adults.

Village's Newest Business, Model Plumbing, Opened

Palm Springs' newest business was launched on its career when more than 200 persons appeared at a cocktail and buffet dinner party.

Model Plumbing Company, with offices and a warehouse in Indio and Palm Springs, formally opened its newest branch in Palm Springs, 495 Industrial Place, with Sol Bernstein and Hy Gerber, co-owners, hosting the party.

The opening of the new business establishment as representatives of most of the famous plumbing supplies and kitchen equipment in the United States, marked a mile stone in the commercial progress of Palm Springs.

JOHNNY BOYLE entertained the guests with nostalgic songs of the past and many a Western tune for which he is noted. Pappy Landfield catered the affair and at an early hour in the evening's festi-

ties reported that he had served approximately 250 guests.

Plumbers, building contractors, home developers and city officials were present at the event.

"Our main objective in opening this Palm Springs branch of the Model Plumbing company, is to better serve the area around here as far as Twenty-nine Palms, Banning and other contiguous locations than heretofore," declared Bernstein.

IT WAS THE first visit to Palm Springs for Hy Gerber, who with Bernstein struggled successfully to create the \$5,000,000 dollar business that Model Plumbing Supply company now enjoys. The two men started in business right after their discharge from military service after World War II.

Frank Parks, manager, is well known in the Palm Springs resort area to contractors, plumbers and developers.

KIDS HE LIKES, TWINS HE GETS

CATHEDRAL CITY — R. E. "Bill" Allred, co-owner of Hicks and Allred general engineering firm, likes kids very much. Yesterday afternoon he announced the arrival of twins.

Friends and neighbors, who knew of the coming event were waiting patiently for the news.

The twin kids are reported doing fine at their Clancy Lane home at Palm Valley, and the mother, a nanny goat that was given to Allred by Joe Butler of Palm Springs, is very proud.

3 to 2 Vote Gives Study Approval

RIVERSIDE — Supervisors voted three to two Tuesday, with Supervisors McCall and Warren dissenting, to refer to Administrative Officer Clay Begole for report next Monday, a request by the county schools department for action on a recent request by Ray W. Johnson, superintendent of schools, for approval to maintain county school library services and facilities in his office, and for funds to accomplish the change.

Assistant Superintendent Jack J. Thompson appeared before the supervisors Tuesday to urge prompt action.

Newly Formed Rotary Club Elects Officers

CATHEDRAL CITY — The newly formed Rotary Club has elected its new officers and will probably receive its charter within the next few weeks.

New officers are William G. Peacock, president; Herb Truex, vice-president; Charles Dohy, secretary, and Donald McCoy, treasurer.

On the board of directors are P. E. Kirkpatrick, John F. Galliani and Mitchell Sitkoff.

Installation of officers is scheduled for March.

James Cavett, member of the Palm Springs club, was the Palm Springs Rotary representative for the formation of the new organization.

The new club meets at Wonder Palms Hotel every Monday noon.

Swim Safety Stymied Due to State Code

SALTON SEA — An opinion from County Counsel Ray Sullivan, Jr. that there is very little, if anything, that should be done by the county at the present time to protect swimmers along the edge of the Salton Sea from dangers of power boats being operated in that vicinity, was received Tuesday and filed.

Sullivan, to whom the matter was referred at the request of the late Supervisor Varner several months ago, said the Harbors and Navigation Code appears to provide adequate regulation of power boats for the safety of bathers since it prohibits a speed in excess of five mile per hour within 200 feet of bathing beaches, swimming floats, diving platforms, life lines and boat landings, and with-

in 100 feet of any person who is bathing. He admitted there is a problem of enforcement.

"I recommend that no further action be taken at the present time," said Sullivan, "but believe the matter should be left open for future consideration, particularly in the event that the State Division of Beaches and Parks may have further suggestions or recommendations."

Hold First 'Gop-Gop' Luncheon

Addressing the first of the series of "Gop-Gop" luncheons at Howard Manor Wednesday, Ed Ainsworth, Los Angeles Times feature writer, said that he could give a one-word talk on his assigned topic "What Republicans Should Know to Win the Election." He said that word would be "Eisenhower."

Detailing the history of the Republican Party, Ainsworth said it sprang full-fledged into existence, "born in travail with a great moral principle," and that every effort should be made to preserve it in the year 1956.

Definitely, the speaker pointed out the amazing way in which the destiny of California and the Republican Party is intertwined. In developing the theme of the rapidity with which California assumed an important role in national politics, he gave specific instances. At the time of acquiring statehood, California broke the balance of 15 Free States and 15 Slave States and helped precipitate a civil war. Ever since it has been a vital force, the speaker said, pointing out that in 1916 it was the California vote that swung a presidential election. And today, with the Vice-President, the Chief Justice and the GOP leader of the Senate all Californians, it has become a potent factor in government.

Mrs. Frank Bennett presided at the luncheon meeting and introduced the speaker. Also introduced was Mrs. Jack Ballinger, chairman of the hostess committee.

Sixty-five guests were seated at the tables which were arranged in a U-shape. White wicker elephants were table decorations with red pyracantha and white stock filling the basket tops. Blue cornflowers were the eyes of the elephants and each had a red-white and blue ribbon around its neck.

Mrs. Burnham Bigelow announced that next Wednesday's "Gop-Gop" luncheon will be held at Thunderbird Country Club, with Mrs. Joseph Froggatt, George Roberson and Irving Snyder as hostesses. The speaker will be Earl Berens, political editor of the San Francisco Chronicle and Mrs. Bigelow stressed that the luncheon meetings are open to both men and women. Reservations may be made with any of the luncheon hostesses.

The door prize, a ticket to the Republican dinner to be held at El Mirador on March 21, went to Mrs. Claude Seeley, who was celebrating a birthday on Wednesday. Ex-Governor Dan Thornton of Colorado will be the speaker at the dinner.

Janet Leigh is Hospitalized

SANTA MONICA, Calif. (AP) — Actress Janet Leigh, wife of actor Tony Curtis, was admitted to St. John's Hospital Wednesday for observations of pregnancy complications, spokesman said.

IN THE CAST of "Picnic" at the Palm Springs Playhouse this week is Dawn Richard, who plays the love interest, opposite John Crawford. Dawn is a Palm Springs High School graduate, who went to Hollywood a year ago. Since then she has played in "Ten Commandments" and in "The Swan" with Grace Kelly. The rising young star has also appeared on television. "Picnic" closes on Sunday night.

Ewatts Parents of Baby Daughter

A daughter was born to Mr. and Mrs. Edmund J. Ewart Jr. of Rancho Mirage at the Casita Hospital in Indio on February 13, at 1:20 a.m. The little miss, named Kim, weighed six pounds, six ounces. This is the first-born in that family. Mrs. Ewart is the former Dorothy Mitchell of East Lansing, Michigan. The proud grandparents are Edmund J. Sr. and Estelle Ewart of Rancho Mirage.

Music Society to Present Violin Concert Benefit

The second concert sponsored by the new Music Society of Palm Springs is just a week away. On Saturday, February 25, at 8:15 p.m., Mary Hoover, pianist, and Albert Vertcham, violinist, will present a benefit recital of three great violin and piano works.

The purpose of the recital, to be held at the Palm Springs Woman's Club on South Cabuilla, is to help raise funds for the new Music Society. This group has been formed to sponsor a broad musical program of choral, instrumental and symphonic music. It presented a widely acclaimed first concert several weeks ago. At that time the Palm Springs Civic Chorus and an orchestra composed of members of the Vine Street Musical Workshop performed the Brahms "Requiem" as the significant step towards the goal of Palm Springs becoming a music festival center.

Albert Vertcham is an internationally-renowned violinist who has appeared in Europe and America with leading symphony orchestras, in solo recital at the great concert halls in the world's capitals, and with the foremost instrumental and chamber music groups of this country. It is a privilege to hear a musician of such high calibre who, incidentally, has a

home in the desert. Mary Hoover, the pianist in this joint recital, has performance credits around the world with solo appearances also in music festivals at Los Angeles and Palm Springs. She was a student and later taught at Juilliard, America's foremost school of music, in New York City. She studied also with such world-famous teachers as Guy Maier and Rosina Lhevinne. The music to be performed Saturday, February 25, includes the "Sonata No. 25 in D Flat Major, Koehel 378," by Mozart, the Brahms "Sonata No. 1 in G Major, Opus 78" and Cesar Franck's stirring "Sonata in A Major."

New Yorkers Here for Winter Visit

A group of New Yorkers are spending several months as guests at the Indian Manor. Leo Turbow, Mr. and Mrs. Irving Engel and Mr. and Mrs. Benjamin Lorber, all of New York City, visited Palm Springs a year ago for a short stop and were so impressed with its beauty they decided to spend most of the winter here this year. Mr. Turbow is a retired lumberman; Mr. Engel was formerly associated with the Shubert Theatres, and Mr. Lorber is a builder with Harrington homes. The Easterners are old acquaintances of Indian Manor's manager, Mrs. Rose Levine.

Mr. and Mrs. W. Erickson and A. Huttner of Stockton, have come to Palm Springs for a two-weeks' vacation. Beside being interested in the date gardens and ranches in Coachella Valley, they are enjoying the shows at the night spots. They are guests at the Stutz Salida.

EDITOR'S CORNER By OLIVER B. JAYNES
(THIS COLUMN CONCERNING THE RIVERSIDE COUNTY PROBATION DEPARTMENT, IS CONTINUED FROM LAST WEEK)

The Probation Department usually has its first contact with a child, who has become involved in serious difficulty, after he has been placed in Juvenile Hall. A boy or girl may arrive at Juvenile Hall completely belligerent towards authority of any kind, he may arrive remorseful, thinking of suicide, under the influence of intoxicants, or on occasion, narcotics, he may be a serious threat to himself or society, he may be thinking of running away or in one of many mental attitudes. If a boy or girl is held in Juvenile Hall a petition must be filed within a forty-eight hour period of time, excluding legal holidays and non-judicial days, and within twenty-four hours thereafter the Judge of the Juvenile Court must make a decision as to whether or not the child should be held in Juvenile Hall pending Juvenile Court. This decision is usually based on the recommendation of the Probation Officer, taking into consideration whether or not the child is a runaway risk or dangerous to himself or society.

The program at Juvenile Hall therefore is geared to cope with the child's emotional problems, to restore faith in authority, to build within the child enough security to prevent runaways and to establish sufficient confidence in the courts and the probation officer to permit them to divulge their problems in order that a reasonable and fair adjustment can be made regarding their situation. Consequently Juvenile Hall has been designed in such manner that it does not appear to be a jail or a particularly physically secure institution, even though a boy or girl would experience considerable difficulty in breaking out if it was felt necessary to confine him in one of the more secure units.

Juvenile Hall is designed for relatively short periods of stay, two to three weeks on an average, during which time, through observations, we are able to assist the Court in making a final disposition, and may be considered a first aid program. Varied placements are made by the Juvenile Court when a child is released from Juvenile Hall. He may be returned home, to relatives, to a foster home, to a private institution, to a county camp or ranch facility, which of course, includes Twin Pines Ranch, to a mental institution for observation, to Pacific State Hospital, for the mentally deficient, or to a Youth Authority facility for treatment.

AFTER CONSIDERABLE planning and approximately a year's search for a proper location and a rather extended waiting period to secure the proper man as superintendent, Twin Pines Ranch was opened officially January 1, 1948, with Ralph Johnson as superintendent, a man with a varied background and considerable experience in handling

Mickey Gets the Bums Rush

The arrest of the notorious gambler, Mickey Cohen, for failure to register with the Palm Springs police as an ex-convict, indicates that the report of the California Crime Commission has been headed by the desert resort officials.

Appointed by Gov. Earl Warren, the Commission, in its final report, accused Palm Springs of making hoodlums welcome. The bill of particulars gave the names of various gangsters, their criminal records and the addresses of their desert homes. If decent but unthinking people will not make the racketeers feel unwanted, then the trouble makers will flock to California, the commission declared.

The misdemeanors of Mickey Cohen in Palm Springs were of the kind that usually attract no attention. First, he did not sign the register at El Mirador hotel but had a Chicago attorney sign in his behalf, under an assumed name. Un-

youth, and with a particular aptitude in the vocational trades.

The Ranch began with a small nucleus of rather poorly planned, rundown, inadequate buildings. With the help of one man at first, as a counsellor, the project of rejuvenating the existing buildings and the moving of three barracks building from Camp Haan began. Shortly thereafter the first two boys were admitted to the Ranch and within approximately two weeks an additional six boys were admitted and a real constructive program began.

Even though it was a pioneering experience for the first boys because the first meals were cooked on a wood stove and served in the shade of the sycamore trees, the basic philosophy of the Ranch from its inception has been that we attempt to build within a boy security, give him recognition for his accomplishments, a sense of belonging to the Ranch which is to be his home for a period of time, a feeling of being trusted because there are no locks, no fences or no written rules or regulations. Many traditions have been established during the past eight years which tend to encourage the boys to discipline themselves.

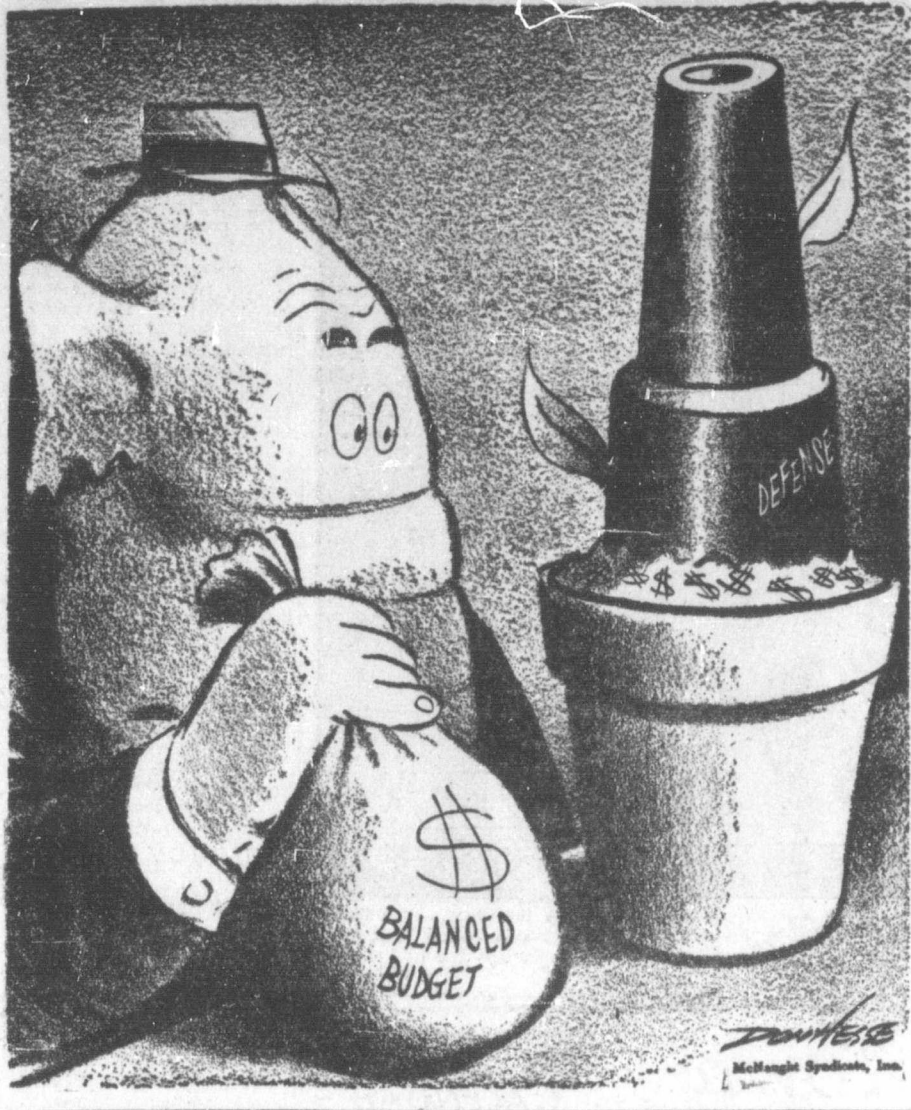

Within the first year a high school program was established which coordinated the academic work with the vocational, thereby, providing high school credit for the construction work which has been carried on. All of the construction, including the excavation, the form setting, the cement work, the plumbing, the cement block manufacture and laying, the electrical work, the carpentry work, the roofing, the window glazing, the heating and so forth, has all been done by the boys at the Ranch under the supervision of the counsellors.

The program now includes such other trades as auto mechanics, machine shop, both kinds of welding and various husbandry projects, including the raising of chickens, turkeys, hogs and some cattle and a limited amount of farming.

The recreation and extra curricular activities are unlimited. Horses and saddles have been given to the Ranch for the boys, who furnish the hay themselves. The "old swimming hole," which is a man-made lake, is excellent recreation in the summer time. One of the other lakes has been planted with bluegill and crappie, which provides fishing for some, and of course, there are hiking and handicrafts and hobbies, all of which, we feel, provide the boys with an opportunity, coupled with the ever present counselling, to learn the basic fundamentals of a trade, to reconstruct their habits and thinking and to return to society ready to assume their roles as honest, energetic citizens.

Question of How Much Plant Food

THIS SIDE of The Sun

By Phat

WELL, WHAT DO YOU KNOW! SOME SAY WE HAD *

(*) Sorry but the Chamber of Commerce, not to mention a host of other organizations in the Village, frown upon the use of that word.

It can only be mentioned in connection with—mattered hills, blanketed midwest, et cetera. Besides, I believe the people who claimed to have noted a flake or two of—during yesterday morning's slight visitation of dampness, might have been suffering from an optical illusion.

SEEMS MA NATURE was just a crazy mixed-up kid, according to what I hear anyway, yesterday.

While some said they saw a bit of—here, another called in to report seeing a robin.

And while on the subject of the weather which everyone else seems to be, too, I wonder if the annual Indio Fair and Date Festival is trying to muscle in on the National Orange Show at San Bernardino.

AGRICULTURALISTS in that area always awaited with eagerness the opening of the great exposition.

Not because they wanted to see all of the citrus products on display but because they knew that as soon as the Orange Show opened, so would the skies.

In the driest years when crops were suffering, the show's opening always was good for a drenching rain.

And it rained (slightly) yesterday when the Indio Fair opened.

THE LOS ANGELES newspapers seem to be slipping.

Always before, when anything happened within a 100 miles or so of the Village or any person, no matter where, who was remotely connected here, got in trouble, the headlines blazoned forth with the name "Palm Springs."

But the other day when a merchant, who has connections here, got into a jam with the law in Beverly Hills, not once did I see the name Palm Springs thrust into the headlines.

FOR A LONG TIME these columns have maintained that highway patrol officers should drive cars without identifying marks on them.

The idea being that many motorists behaved as they pleased until they saw a white motorcycle or car with a red spotlight attached.

Then they became models of correct driving procedure.

At last a step is being taken in this direction. In Los Angeles the other day, it was agreed to remove insignia from some highway patrol inspector's cars.

The inspectors, entrusted with the task of learning drivers' habits, said they couldn't, because when motorists spotted the insignia, they quit their careless antics.

Now they are really going to learn what makes drivers tick.

GETTING BACK to the Indio Date Fair which opened yesterday:

They feature camels in conjunction with the Arabian motif of the Festival. Which reminds me that some place I read where a "camel is an animal which looks like it had been put together by a committee."

Letters to the Editor

Dear Editor:

My subject is the Desert Hospital.

Leading up to this, I might say my husband and I had been enjoying a delightful holiday until the fateful day of Jan. 14. I had been shopping that day, slipped on a sidewalk and broke my hip badly.

A Palm Springs retired doctor saw me fall, and called it his "Boy Scout Act" by overseeing my removal in the ambulance, and actually at my request he stayed until my husband was notified and I had permanent care at the Desert Hospital.

Such an act of Palm Springs hospitality can not be measured in dollars and cents.

From then on, the hospital took over and such efficiency should be recognized by myself as past president of the California State Nursing Home Association.

The doctors were very efficient, and interrupted their busy schedules to care for me. In the X-ray room the technicians performed like artists. The superintendent of nurses rules the floor with sweetness, quiet and precision, and all the other caped nurses smile and follow suit. Last, but not least the aides are God's answer for all the unmentionable things.

Three long weeks were only shortened by personalized care and wonderful food—and in this too you are given your preference.

Now I am now recommending anyone breaking their hip as I did to get into this wonderful hospital. I am, however, very grateful and want others to know there is a competent and humanitarian spot in your community in this glorious city of Palm Springs to care for your every need.

MRS. L. N. "ANITA" BALL, Blue Skies Trailer Village

Mr. Bill Rashall
The Desert Sun
Dear Bill:

Having read your letter to Mr.

Ben Shearer and having talked endlessly with golfers regarding a Public Course here, I would like to emphasize again some points I brought up three years ago on this same subject.

If the resort owners knew how much business they are losing on account of no medium priced golf here they would demand a public course.

The price of golf here is ridiculous. How can the average man and his wife play golf on their winter vacation at the present prices? And they usually like to play two or three times a week.

I know of a group of eight to ten men who drive to Gilman Hot Springs twice a week to play—in protest to the local prices—and the green fees there are \$1.25. They are doing so well at that price, they are now building another nine holes.

Last year, I spent our winter vacation (three months) at Tucson just so I could play golf three or four times a week for \$1.00 for eighteen holes (and no compulsory caddy). Ask any of the driving range operators how many times a day they are asked where they can play golf for a sensible price in Palm Springs and how many go elsewhere on account of the high price here.

Personally, I think it is time the kidding of the public stopped. Who is this group that controls the private course golf here? And how did they get control of a course that was supposedly left for public golf, for their pleasure?

In conclusion, it is well known that the courses that are self-supporting are the public courses—not the private ones. Let those that want to pay twenty or twenty-five dollars a round for golf, do so—also, let's get some reasonable golf for the many who want it and would stay longer in Palm Springs, if they had it. Let's get going!

Sincerely,

PHIL SEAGRAVE,
Palm Springs and
Lake Tahoe.

When the deal is completed, the Warner Bros. will wind up with not less than \$30,000,000 for their old backlog of movies, all to be telecast. Lawrence Welk Was Busted

NEW YORK—Lawrence Welk—the farm boy accordionist who became a Hollywood TV star—seems like a guy you might sit next to at the Rotary Club.

But he is unorthodox—he showed us that you can do a big TV show with just a dance band... and that you can have two accordions in the band, even though you play one and the other guy plays better'n you do.

"Were you ever broke?" I asked him at dinner at "21."
"I hooked this ring once for \$75 to keep the boys eating." He looked at the diamond on his finger.

"We traveled across-country to Phoenix to play a ballroom that folded just before we got there," Welk spoke with a slight German accent, a hangover from his boyhood in Yankton, S. D.

"I used a little sales work."
"I said 'Why not open up again and, if there's any loss, I'll take it myself.' Believe me, I didn't have anything to lose—nothing! This was all I had—and I hooked it."

When he got set to do TV on ABC after years in the business—in Pittsburgh, Milwaukee, Chicago and Hollywood, the geniuses told him, "Replace the orchestra with a combo and get a line of girls and a line of boys."

"When you fall on your face several times, you get convinced. This time I put my foot down. One fellow said, 'I don't want anything to do with this show.'"

But now that it's a success, Welk can talk with fatherly pride—and some candor.

ROBERT S. ALLEN:

Battle Seen for Adlai

WASHINGTON — Adlai Stevenson is going to have to run a lot better than he is now to sweep Minnesota's crucial March 20 presidential primary.

A reliable poll shows him out in front there, but not impressively so.

On the basis of the highly-regarded and non-partisan University of Minnesota poll, Stevenson is up against the jolting possibility of winning by only a split margin over Senator Estes Kefauver or losing out entirely to the Tennesseean.

In this initial voter sampling, Stevenson got 56 percent against a combined 44 percent for all others.

The former Illinois Governor's managers had privately hoped for a 70 to 75 per cent lead. That would have ensured capturing all, or nearly all, of Minnesota's 30 Democratic delegates.

Viewed as particularly disquieting is that 22 per cent of those polled were undecided. This is an ominous proportion, especially as most of it was in the rural districts—unmistakable evidence of serious weaknesses in Stevenson's standing with farmers.

In marked contrast to him Kefauver is a loud and militant advocate of 90 per cent fixed price supports on the five basic crops—wheat, corn, cotton, rice and peanuts, the first two of which are of key moment to Minnesotaans.

Following are the details of this significant poll:
Stevenson 56

Kefauver 9
Senator Humphrey 9
Harrison 4
Undecided 22

As a result of these disturbing returns, Stevenson is adding one more week of campaigning in Minnesota than had been originally contemplated.

With his slate of delegates headed by Senator Hubert Humphrey and Governor Orville Freeman, it was believed their popularity and campaigning would make a major drive by Stevenson unnecessary. The poll changed this optimistic estimate.

In addition to a March 1 to 6 tour, Stevenson, at the direct urging of Humphrey and Freeman, will return on the 15th and campaign vigorously right up to election day. Most of this extra time will be spent in doubtful farm areas. Also, more radio and TV broadcasts are being scheduled.

Kefauver is also expanding his Minnesota plans. He too will visit the state twice. The first sortie will be next week; the second around the middle of March for a whirlwind wind-up of this highly important primary.

Another swing through New Hampshire, from March 2 to 5, is also on Kefauver's schedule. A few more days may be added to this plan, as a result of the unexpected entrance of a pro-Stevenson slate. This is the first of the year's presidential primaries, and Kefauver is extremely anxious to win it overwhelmingly as he did in 1952.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Patent Office

NEW YORK (AP)—Ice hockey may not be your dish but when it comes to picking the outstanding coach of all the year in sports you could do worse than Phil Watson of the New York Rangers, a man who is a cross between Eddie Stanky and Simon Legree.

At this time last season, the Broadway Blues were completely out of the National Hockey League race. They had been for a frustrating period of about a month.

There were prolonged cheers during the football season for Duffy Daugherty of Michigan State as he maneuvered his Spartans past Notre Dame and on to a Rose Bowl win over UCLA. The braves also were keened for the grid's Paul Brown, who, after regaining a fellow named Otto Graham, again made his Cleveland Browns the scourge of the National Professional League.

In baseball you had Walt Alston forcing the Brooklyn Dodgers to their first world championship and Mike Higgins named as the American League's most brilliant mind because he put the Boston Red Sox into such severe contention before ultimately fading.

OF THEM ALL, Daugherty undoubtedly came the farthest with the least. At least, with the team of which the least was expected.

But this man Watson, mangle of the King's English and mauler extraordinary, has performed what must be one of the year's most outstanding jobs—if not the most outstanding—with the Rangers.

He did it by getting tough, and by demanding that his players be the same way, physically and mentally.

Watson ran them ragged from the day training camp opened. He forbade them to have water during games. He banned smoking and late hours. And he made it stick.

FURTHER complicating his job was the perennial fact that hockey players performing for a New York team traditionally are bothered by the glitter of the bright lights. In the main they are poor youngsters from the Canadian wilds who yearn to pound the pavements, see the shows and enjoy their taste of the big town.

Somehow, Watson kept them hockey-conscious 24 hours a day. He nagged them about their weight. He threatened them because of their performances. And he built up a flaming esprit de corps. Even now he keeps a daily diary on each individual's whims and peculiarities. A lost game is a catastrophe and, as he said when somebody complained that the team looked "tired and drawn!"

"I took their weights after last night's game and every player was a quarter ounce over what he was before the preceding game. They must be loafing."

But even Watson, a look-alike for Stanky, relented as his team virtually clinched a Stanley Cup spot.

"I let 'em have a sip of water on the bench in one game," he said. But the man said it apologetically!

Fetchick Banks on Bad Weather

SAN ANTONIO, Tex. (AP)—Mike Fetchick is one golfer who may be happy if the predicted cold and wet weather hits the \$20,000 Texas Open today.

The 33-year-old Mahopac, N. Y., pro set a new course record with a nine-under-par 63 in the first round of play Thursday, and Fetchick could have a better chance of holding onto his three stroke lead if bad weather sets in.

Fetchick sailed over the 647-yard par 36-36-72 Fort San Houston course Thursday in balmy 80-degree weather, and has a reputation for playing well under poor weather conditions which were forecast for today.

Mahuel De La Torre of Milwaukee, who tied for the low qualifying score with a 68, chipped two strokes off that in the first round to place second with a 34-32-66.

One stroke behind De La Torre in a tie for third place going into today's second round was a quartet consisting of Paul McGuire, Wichita, Kan.; Al Besselink, Grossingers, N. Y.; Tommy Bolt, Chattanooga, Tenn.; and John Gustin, Charlottesville, Va.

Troy Trackmen to Meet Bruin Squad

LOS ANGELES (AP)—The national championship University of Southern California track and field team will open an 18-day meet schedule here March 3 in an informal dual relay meet with UCLA.

The final U. S. Olympic trials here June 29-30 will climax the season for the Trojans top track and field performers.

INDIANS GO AFTER BIG ONE TONIGHT

Need Victory Over Hemet to Cinch Title

Win on Home Floor Tonight to Mean RCL Flag

By DAVID FISHER

Palm Springs cagers will be after the big payoff tonight when they run head on into the always dangerous Hemet Bulldogs, with a victory meaning the Indians' first Riverside County basketball championship. Ralph Watt's warriors have won eleven straight games, including a 74-59 shellacking of the Hemet five, to move just one win away from the R. C. L. title.

It will be the last home game of the season for the Palm Springers who have yet to lose on their own floor. This tilt stands to be the locals toughest test of the year as Ted Smith's Canines, featuring the play of their all C. I. F. center, Ray Sims, will be out to even the score and they certainly have the manpower with which to do it.

WATT'S WONDERS clinched a tie on Tuesday night by ambushing the Beaumont Cougars 88-76. Bringing home the most scalps for the Indians were Charles Jordan, who collected 37, and Mickey Pellum, who had 26. Also a big factor in the Redskins' triumph was the fine floor play of Vic Reyes, Palm Springs' under-rated guard. The Chieftain continued his outstanding defensive work and, to the delight of the local fans, had his best scoring night of the season, accounting for 10 of the Indians' points.

When Hemet hosted the Palm Springs quintet earlier in the season, it took superlative second half basketball to give the Indians the nod. Stealing the high scoring honors from the resort hoopers famed duo of Jordan and Pellum was Ray Sims, Hemet's big gun proved himself as one of the league's top players as he bucketed 25 points and gave Palm Springs fits on defense.

THE PRIDES of the desert, who haven't been defeated since San Jacinto edged them out 65-60, in the season's opener, led the conference in practically every department. They are the top scorers with 803 points, while they have also given up the most points to their opponents. Charles Jordan, one of the county's best college prospects, tops the league in individual scoring, boasting a 27 points a game average.

Chances are that the Indians, through their superior height and better balanced team, will rack up victory No. 12, and Riverside County League basketball championship No. 1.

IN THE PRELIMINARY games the local light weights face the unbeaten Hemet B team in what should prove to be a very high scoring game. The Bull pups have shown amazing consistency this year as they bashed the hopes of one squad after another.

If the Papooses want to pull an upset they will have to show great improvement in the rebounding department. They have been lacking in this spot most of the season and Hemet's one club that will take advantage of such a weakness.

A full house is expected to watch the Indians end their 1966 home basketball schedule and hope to see them sew up the R. C. L. championship. Game time for the Varsity contest is eight, with the B game to start at seven.

SECOND ROUND IN POLO TITLE PLAY TOMORROW

Four teams will meet tomorrow and Sunday in the second round of the three-weekend Pacific Coast 10-goal Championship Polo Tournament at Shadow Mountain Stables.

Two games will be played each day. Tomorrow the Red Diamonds and San Francisco will start off at 2 p.m., and Beverly Hills and Shadow Mountain will play the nightcap.

Sunday, San Francisco will move to the Polo Grounds in Palm Springs, and the Red Diamonds will play Beverly Hills at 2 p.m.

THE NIGHTCAP SUNDAY will pit Shadow Mountain against San Bernardino. The standings to date give Red Diamonds the edge. They are the only one of the six participating threesomes who have won two out of two games.

The other teams go into this weekend of matches with the following standing: Shadow Mountain and La Jolla split their games last week. San Bernardino won their only game played. Beverly Hills lost their only game, and San Francisco lost both their matches.

The players, in most cases, commute to the desert, but stable their mounts at the Polo Grounds and Shadow Mountain Stables.

Hidden Hills to Play Local Team

San Bernardino and La Jolla polo teams will compete in the second round of the three-weekend Pacific Coast 10-goal Championship Polo Tournament tomorrow at the Polo Grounds.

Sunday, San Bernardino team will move to Shadow Mountain Stables, and San Francisco polo team will meet the La Jolla threesome at the Polo Grounds.

LAST WEEKEND, in the first round, La Jolla lost to the Red Diamonds, and defeated Beverly Hills.

San Francisco lost both their games. San Bernardino won their only game. Games at the Polo Grounds will start at 2 p.m. each day. As an added attraction, the Villagers will play Hidden Hills after the tournament game Saturday and Sunday.

The Villagers are Bogert, Le Blanc and Packard; the Hidden Hills three are Hufand, Huthsing and Campbell.

The 10-goal tournament will wind up at the Polo Grounds next weekend with one game each day, and at Shadow Mountain Stables with two games each day.

INDIAN AVENUE has become a very important artery of traffic in Palm Springs, weekdays and weekends. Above is a typical week-day scene, taken yesterday—note the number of cars. (Desert Sun Photo).

Quarantine Officers Too Strict with Eggs

TOKYO (AP)—The Japanese Farm-ers Rehabilitation Association is hatching 150 dozen chicken eggs, donated by a California organiza-tion, on an isolated farm this year to make sure they don't meet the fate of a similar shipment last year.

The last shipment of 130 dozen eggs was hardly fit for hatching after strict Japanese quarantine of-ficers got through with them. They had them boiled.

The team of Gilbert and Sulli-van composed 14 light operas dur-ing a period of 25 years.

U. S. and Bonn Sign Atomic Pool Pact

WASHINGTON (AP)—The United States and West Germany have signed an atomic-for-peace agree-ment opening the way for the Bonn government's participation in the proposed European atomic pool.

The agreement is similar to about 30 others the United States has negotiated under the atoms-

Honolulu Union Snubs Mitchell

HONOLULU (AP)—Left-wing labor leader Harry Bridges has called off contract talks for 25,000 Ha-waiian sugar and pineapple work-ers because of a visit to the is-lands by Secretary of Labor James P. Mitchell.

Bridges said he would not re-sume negotiations for the Interna-tional Longshoremen's and Ware-housemen's Union, which repre-sents the sugar and pineapple workers, until Mitchell "leaves this territory."

Mitchell, here for a series of GOP political speeches, com-mented in San Francisco Monday night that he thought Jack Hall, ILWU leader in the islands, was a "sub-versive." He repeated the remark on arrival here yesterday.

NEW HAVEN, Conn. — (UP)—Thieves threw a brick through a liquor store window and made off with five bottles—full of colored water.

1 of 4 Accident Victims Still in Serious Condition

Of the four victims in a head-on crash Friday near the Palm Springs railroad station, only one remains in a serious condition in Desert Hospital.

He is Robert M. Ryburn, 55, of Los Angeles, who suffered 13 rib fractures; a multiple fracture of the right shoulder blade, and a skull fracture when his car smashed into one driven by Isiah Roberts of Banning.

The other victims were Roberts, his wife, and Mrs. Ryburn. Mrs. Ryburn, who suffered deep cuts and bruises and skull fractures, is described as in good condition. Mrs. Roberts suffered a broken jaw, and Roberts a fractured rib.

Eisenhower Accepts Resignation of Thurston Morton

THOMASVILLE, Ga. (AP)—President Eisenhower today accepted the resignation of Thurston Morton who is leaving his post as assistant secretary of state for congressional relations Feb. 29 to seek the Republican senatorial nomination in Kentucky.

Morton is a former GOP con-gressman from Kentucky. The President accepted his resignation with high praise for Morton.

Woman Asks Help in Locating Husband

Police today received a letter from Mrs. Frank Parton, of Cal-mesa, asking help in locating her husband.

Mrs. Parton wrote that her hus-band, a 48-year-old pantry worker, left their home about January 25 to look for a job in Palm Springs.

She said she hasn't heard from him since.

Frank Parton's name has not appeared on the police department employment registry files to date.

U.S. Halts Tank Cargo to Arabia

Ban, Placed After Protest, Applies To All Middle East

WASHINGTON — The administration, prodded by loud Congressional protests, early today halted the delivery of 18 light U.S. tanks to Saudi Arabia.

Cancellation of the shipment came some 12 hours after the United Press disclosed that the tanks were ready for loading aboard the SS James Monroe and that the ship was due to sail from Brooklyn, N.Y., today. The disclosure brought demands for a Senate investigation and a denunciation of the shipment by Israeli Ambassador Abba Eban.

At 12:30 a.m. today the government announced that "all export permits to the Middle East are being temporarily suspended pending further examination." The announcement was made almost simultaneously by the State Department in Washington and by White House Press Secretary James C. Hagerty at the Presidential retreat in Thomasville, Ga.

THE ACTION meant that the tanks could not be legally delivered to Saudi Arabia even if the ship sailed with them as scheduled. At an early hour this morning, the tanks still were aboard barges preparatory to being put aboard ship.

The suspension of arms shipments applied not only to Saudi Arabia but to all nations in the Middle East.

INCLUDED in the arms ban was Israel. Israel had requested \$50,000 worth of U.S. arms last November, but the State Department had not acted on the request.

Disclosure of the tank shipment to Saudi Arabia brought strong protests from Congressmen who favored fulfilling Israel's arms request to counter earlier Communist weapons sales to Egypt.

Britain Surprised by Arms Ban

LONDON — Britain will continue arms shipments to the Middle East for the time being, the Foreign Office disclosed today.

The abrupt American suspension of arms shipments to the Middle East appeared to have caught the British government by complete surprise.

Queen Elizabeth Returns Home

LONDON — Queen Elizabeth II flew home today from her tumultuous royal tour of Nigeria and into the arms of her excited son and daughter.

The huge four-engine airplane bearing the Queen and her husband, the Duke of Edinburgh, landed at London Airport. One of the engines on the British Overseas Airways plane had to be replaced at the Castel Idris Airport in Tripoli, Libya.

Giant Bomber Explodes; 4 Hurt and 4 Missing

TRACY — A mammoth B52 atomic bomber, the Strategic Air Command's most powerful aerial warrior, was ripped apart with an explosive blast in the stratosphere yesterday, scattering fiery wreckage over a wide area.

It was the first crash involving the eight-jet craft since the B52 joined the SAC arsenal only eight months ago.

Four airmen were officially listed as missing, while four others survived after suffering minor injuries in parachute leaps.

The intensity of the explosion was indicated in an appeal by the Air Force. Residents in a 20 by 40 mile area between Sacramento and Stockton in Northern California were asked to be on the lookout for pieces of wreckage, and turn them over to the Highway Patrol, sheriff's offices or nearby air bases.

An investigation headquarters was established at Tracy with 15 helicopters and 150 men dispatched to look for missing parts of the plane. An Air Force spokesman said none of the craft's jet engines, each capable of a 10,000-pound thrust, had been located yet.

The four survivors, who parachuted from a height of approximately 30,000 feet, received burns and minor injuries. They were identified as:

Maj. Michael Shay, 39, Gary, Ind., co-pilot.
Maj. Billie M. Beardsley, 36, Merced, Calif., radioman.
Maj. Harold F. Korger, 37, Atwater, Calif., observer.
M/Sgt. Willard Milo Lucy, 34, Sacramento, Calif., tail gunner.
The missing men were listed as: Col. Patrick D. Fleming, deputy wing commander of the 93rd Bomb Wing, 38, Castle Gardens, Calif.; Maj. Edward L. Stefanski, 35, Merced, Calif.; Maj. Albert Brown, 39, Pittsburgh, Pa.; Capt. James K. Frederickson, Atwater, Calif.

Burns and Allen Sued for \$60,000 in Son's Accident

HOLLYWOOD — Gracie Allen and George Burns, husband and wife comedy team, were named today in a suit for \$60,000 damages growing out of a traffic accident involving their son.

Mr. and Mrs. Henry Frailich, injured last March 2 when their car was struck by one driven by Ronald John Burns, 20, son of the performers, charged that young Burns was a "known negligent and incompetent driver" and should not have been permitted to drive by his parents.

Senators Swap Hot Charges on Farm Bill

By UNITED PRESS

The Senate has warmed up for its debate on rigid farm price props with a hot exchange of claims and charges.

Five members of the Senate Agriculture Committee — three Republicans and two Democrats — issued a minority report charging rigid supports would injure farmers, consumers and the nation.

They also charged the Democratic proposal for a return to rigid supports at 90 per cent of parity would nullify the administration-backed "soil bank." Both are included in the omnibus farm bill approved by the Agriculture Committee.

The committee's majority issued a report calling rigid supports the bill's only proposal that provides "immediate assistance" to farmers.

Other congressional news: **TRADE:** The Senate investigating subcommittee summoned Defense Department experts to tell whether they think materials sold to Communist countries by the West are strategic. A military machine tool expert told the subcommittee the free world is giving the Soviet war production a three-to-five-year boost by selling Communist machine tools.

PLANE PROFITS: House investigators disagreed whether military plane manufacturers should be charged for use of multi-million dollar government plants and equipment. The House Armed Services investigating subcommittee is studying whether military plane manufacturers are making excess profits.

CASE: Sen. Herbert H. Lehman (D-N.Y.) charged a New York state manufacturing firm "pressured" its employees to urge senators to vote for the natural gas bill. Lehman said he would give details of the charge to the Senate Elections subcommittee. The subcommittee is conducting a broad investigation into attempts to exert "undue influence" on senators.

Interne is Eighth Victim of Manila Nightmare Illness

MANILA — The mysterious "nightmare sickness" that has killed seven Filipinos in their sleep was reported today to have claimed an eighth victim—Dr. Lachon Ledesma, a 25-year-old medical interne.

Fellow internes at Victoriano Lusa Hospital said Ledesma, apparently in good health, went to bed about 1 a.m. Thursday after eating a heavy meal. He was found dead of undetermined causes at 7:30 a.m.

The lack of symptoms indicates the young physician had succumbed to nightmare sickness. Victims of the disease show no traces of injury, poison or disease.

Tired Rookie Postman Finds an Easier Way

DEARBORN, Mich. — A rookie postman had a ready explanation for postal inspectors who discovered he delivered on only four of 16 days and dumped the rest of the mail into his attic.

"I was tired," said Ellwyn A. Hughes. "The load was heavy."

Benson, in El Centro, Gives 9-Point for Easing Surpluses, Price Pinch

EL CENTRO — Secretary of Agriculture Ezra Taft Benson on Thursday night outlined a nine-point administration farm program designed to cut surpluses and ease the price-cost squeeze of the nation's farmers.

The program called for:

1. A soil bank which will increase farm income, reduce surplus stocks, cut excess production, reduce storage costs, ease apprehension among our friends abroad, conserve soil, water and timber resources and strike a better balance of production and markets.
2. Surplus disposal recommendations to help move CCC stocks out of the front door while the soil bank reduces what comes in the back door.
3. Strengthened commodity programs to improve price support operations for individual products such as corn, wheat, cotton, rice and dairy products.
4. Congressional consideration of a dollar limit on price supports.
5. Rural development program to open wider the doors of opportunity to a million and a half farm families with incomes of less than \$1000 a year.
6. A Great Plains program to help promote a more stable economy in the agricultural empire between the prairies and the Rocky Mountains.
7. Increased research appropriations to help us find new crops, new markets and new uses for our agricultural abundance.

8. Expanded and strengthened credit facilities to aid in the transition from war to peace and make the adjustment associated with a dynamic agriculture.

9. Refunding of the federal tax on gasoline used on farms, saving farmers \$60 million a year.

EL CENTRO — Secretary of Agriculture Ezra Taft Benson made an aerial tour of the Imperial Valley today before heading East.

Jacqueline Cochran Odium, famed aviatrix and a Republican candidate for Congress from the 29th District, flew Benson over the valley in a Lockheed Lodestar.

Desert Planting Exhibits at Fetes

The display is one of the largest in the educational building on the fairgrounds.

Moorten is credited with being the originator of native landscaping, using rock formations, desert plants and gravel cover.
